Band Wagon EQUIPMENT TRANSPORT SYSTEMS BY QUIK LOK

- The BW/600E is the perfect solution for transporting speaker cabinets and all instrument and equipment cases.
- Folds up small enough to be fit inside any car and easily concealed on stage.
- The telescoping frame bed telescopes from 32.5" to 49" (83 to 125 cm), letting you custom tailor your cart to the amount and size of gear you have.
- Innovative spring loaded locking system for positioning the handle. Simply squeeze the lever, move the handle to the desired position and release to lock.
- Handle locks into place when completely folded for compact and safe transport.
- Band Wagon's exclusive "Freight-Plate" design has three positions for use in the dolly or open cab, platform wagon and hand truck modes.
- Hammer-Tone Gun-Metal finish is durable, stylish and non-reflective.
- 10" pneumatic tyres are shock absorbing, easily navigate over rough or bumpy surfaces and are easy to replace.
- Superior locking caster design locks the turning and pivoting positions simultaneously, securing your gear even on an incline.
- Non-skid surfaces on the frame bed keep load from sliding around, and airframe style stair climbers are a back-saver, also allowing for attachment of bungee cords.

BW/600E

- Expandable Cart with one foldable handle and exclusive "Freight-Plate"
